

**STATEMENT OF SUFFICIENCY**  
2023-2024 Proposed Initiative #91 "Prohibit Trophy Hunting"

July 31, 2024

On July 3, 2024, the proponents and designated representatives of 2023-2024 Proposed Initiative #91 ("Prohibit Trophy Hunting") submitted 187,147 petition signatures to the Elections Division of the Secretary of State's office. After reviewing a five-percent random sample of the submitted signatures, the Elections Division of the Secretary of State's office projected the number of valid signatures to be greater than 110 percent of the total number of signatures required for placement on the ballot.

**Random sample verification summary:**

Total number of qualified signatures submitted	187,147
5% of qualified signatures submitted (random sample)	9,358
Total number of entries accepted (valid) from the random sample	7,377
Total number of entries rejected (invalid) from the random sample	1,981
Number of projected valid signatures from the random sample	147,529
Total number of signatures required for placement on ballot	124,238
Projected percentage of required valid signatures	<b>118.75%</b>

Because the random sample verification established that the projected number of valid signatures totals 118.75 percent of the amount required for placement on the ballot, 2023-2024 Proposed Initiative #91 is sufficient and will be certified to the 2024 General Election ballot.
